

A Surprise for Maya

By Radha HS

It was Maya's birthday. "Let's make

a surprise for  Maya," said her family.

 Mother found **4** four  logs.

 Father mixed some  mud.

He shaped the  mud on top of the  logs.

 Bipin cut a thick  vine and

poked it into the  mud on **1** one end.

 Mohit brought **2** two  sticks.

He placed them on each side of the  vine.

 Mother placed **2** two  leaves

beside the  sticks.  Father put

a piece of  rope at the other end.

 Maya loved her surprise.

It was an  elephant!
